

SLAA Online Group Inventory 2020

Collation of anonymous individual members' answers, submitted February 2020

1. One thing they like about the group and/or meeting

- I like the support and encouragement from others.
- Getting to know the people who show up regularly and share.
- I enjoy the camaraderie and the focus on step and recovery conversation.
- The people who come to meetings are absolutely wonderful. Most of them are recovery focused and are such a blessing to me.
- Cooperation and mutual help amongst Trusted Servants to uphold Group Conscience decisions.
- Respectful interaction between members.
- 24/7 availability and 3 daily meetings.
- The meeting & chatroom format are simple & easy-to-use. Lacking some of the “bells & whistles” of fancier sites, I think it helps keep the focus on recovery.

2. One thing they would like to see changed about the group and/or meeting

- Meetings focused on readings from the new meditation book possibly?
- I would like to have chat sounds, so I can tell when someone has posted a line or signs on/off.
- I would like to see OP's signing up for calendar times to increase transparency and consistency.
- What can we do to become more mobile friendly? I realize that it may not be possible or it may be very time consuming to make our meeting mobile friendly. I'm not sure what all this would entail, and I could be totally wrong, but is it possible to hire someone to do this work?
- More encouragement of Sponsors and Recovery Partners.
- More encouragement of Trusted Service and 7th Tradition.
- When I came to SLAA Online, the room was usually occupied - & usually chatting about recovery – 24/7. Now, there are often no members in the room between meetings & when there are, the conversation isn't about recovery. Also, the 4:30 meeting is often without an OP. Perhaps it should be dropped from the schedule.

3. One thing they plan to contribute to the group and/or meeting.

- Most common response – Service work!
